DESIGN + PERFORMANCE™

The Window Fabrics collection is inspired by the founding values of the Sunbrella® brand to provide a range of design and performant products.

In a width of 300 cm, each fabric is ideal for use as indoor or outdoor curtains, drapes and sheers.

This collection of 58 references comes in a rich array of styles, textures and colors.

The neutral, natural colors in Natté and Velum ranges are perfect to pair with the richer, deeper hues of the new Smart and Mild ranges.

Explore these 4 atmospheres to create your own personal world and design new modern and elegant looks for each space.

De collectie Window Fabrics is geïnspireerd op de basiswaarden van het merk Sunbrella® om een gamma voor te stellen dat uitblinkt in design en technische prestaties.

De stof is 3 meter breed en dus ideaal voor gordijnen en vitrage, voor binnen en buiten.

De collectie met 58 referenties biedt keuze uit een rijke waaier van stijlen, texturen en kleuren.

De neutrale, natuurlijke kleuren van de gamma's Natté en Velum zijn perfect te combineren met de rijkere, diepere tinten van de nieuwe gamma's Smart en Mild. Ontdek deze 4 sferen om uw eigen persoonlijke wereld te creëren en om nieuwe, elegante looks te ontwerpen voor elke denkbare ruimte.

ULTRA DURABLE THROUGH AND THROUGH

UITERST DUURZAME STOFFEN

SUNBRELLA® FIBRES ARE STEEPED IN TOP QUALITY DYES DURING THE ACTUAL MANUFACTURING PROCESS, WHEN THE ACRYLIC IS STILL LIQUID.

As a result, Sunbrella yarn is coloured all the way to the core so its original vibrancy lasts on and on. There's absolutely no comparison to ordinary procedures whereby the yarn or fabric is simply dipped in dye which therefore only penetrates the outer layers.

DE SUNBRELLA®-KLEURPIGMENTEN VAN TOPKWALITEIT DOORDRINGEN AL TIJDENS HET PRODUCTIEPROCES DE ACRYLVEZELS, TERWIJL DIE NOG VLOEIBAAR ZIJN

Daardoor zijn de subrelladraden tot in de kern gekleurd : dat maakt ze uitzonderlijk duurzaam en kleurvast. Er is geen vergelijking mogelijk met gewoon geveerd textiel waarvan de kleur alleen maar een laagje aan de buitenkant is.

Tested to meet ISO 105 B02 and ISO 105 B04 standards, Sunbrella® fabrics score as follows :

- UV colour fastness (ISO 105 B02) : 8/8
- Weather condition colour fastness (ISO 105 B04) : 4-5/5

De stoffen van Sunbrella® zijn getest volgens de normen ISO 105 B02 en ISO 105 B04 en kregen deze vermeldingen :

- *Uv-kleurvastheid - ISO 105 B02 : 8/8*
- *Weersbestendigheid - ISO 105 B04 : 4-5/5*
